Dear Sir,

I am happy to support your request for a reference to compliment your application for Main Roads Pre-Qualification and to receive any contact from Main Roads to discuss your performance.

In my role as Acting Shire Engineer with the Shire of Harvey, I have engaged the services of S & J Excavations on many large civil projects within the Shire of Harvey, including the reconstruction of roads, paths and drains in the main commercial sector of Uduc Road, Harvey. There have also been several other large municipal projects throughout the Shire including Harper Street reconstruction, Kidson Street reconstruction, the roundabout and road construction at Mardo/Barnes Avenue and the Brunswick Town Centre Redevelopment Project in recent times.

I have found their level of service to be high in all areas in particular the attention to detail when finishing off the project. I have not had any contractual issues with S & J Excavations over the term of these works. I also have had a lengthy association with S & J Excavations and Australind Premix with all subdivision land development projects in the Shire of Harvey for the last 10 years.

Please do not hesitate to contact me for any further information.

Yours Faithfully,

PETER KAY
ACTING SHIRE ENGINEER

13th October 2010
